KRAFT TILE AND WOOD PRODUCTS COMPANY TO INSTALL NEW INDUSTRY

ALTHOUGH among the youngest of noteworthy business concerns in Washington Township, the two Kraft establishments at Pabico comprise a joint project destined to bring international advertising for the local community. Only four years ago saw their beginning and today there is invested more than \$400,000 in it. And thereby hangs the tale. For the Kraft Tile company and the International Wood Products Company, branches of the Kraft Cheese Association of Chicago.

One of the new industries being experimented with jointly by these two organizations is that of producing equipment for kitchens, soda fountains, etc., consisting of counters and cabinets combining ornamental tile with high grade woodwork. Already articles of this description are on display and demonstrate clearly that even such utilitarian furnishings as kitchen sinks and laundry trays can be beautiful when made up of tile in pastel shades of green or rose or blue or lavender.

If this new department is installed it will mean the employment of nearly a hundred additional skilled laborers and it is planned to turn out fifty or more of these articles per day.

One of the outstanding features of Kraft tile is that the colors and designs are all standard and are cataloged as carefully as spare parts of an automobile so that purchasers may be assured that in case of a broken tile or a marred composition the pieces may be replaced by quoting order number and series.

A brief trip through the tile plant gives one a new idea of just how wonderful are the possible uses of ornamental tile. From the first step where the soft white clay which looks almost like putty is pressed into sheets and cut into blocks, measured and remeasured to insure its perfect symmetry, through the drying ovens and the kilns, is a process of interest. In the color department J. E. Durham and A. C. Myers have charge. Here the stains are mixed (buckets full of dull, gray, uninteresting-looking ooze which comes from the kilns a veritable rainbow of soft greens, blues, rose and lavenders).

A striking example of the wonders of modern machinery may be seen in the piles of thin white strips bundled and wired for shipment which fall from the mouths of the shining saws when they are fed huge slabs of rough lumber and a division of the sheep and the goats, there on the side are the familiar kindling blocks piled in the discard.

MRS. CHITTENDEN MAKES EXTENDED EASTERN JOURNEY

Mrs. Emilie Chittenden and her niece, Mrs. Mae Cummings, of Oakland, will leave May 2 for an extended visit east and points north. They will be gone ten weeks and will go via Sunset Limited to New Orleans. They will return via Canadian Pacific, touching enroute Washington, D. C., Baltimore, Philadelphia, New York, Boston, Springfield, Mass., Chicago, Springfield, Ill., Kalama, Vancouver, Victoria, Seattle and other points.

Mrs. Bogue, of Whittier, and Mrs. Gazley, of San Diego, who have been visiting at Hotel Belvoir, returned home Wednesday.

WASHINGTON HIGH FACULTY CHOSEN ON 28TH OF MAY

Election of teachers for the Washington Union high school will take place at a meeting of the board of trustees to be held at the school on Monday evening, May 28.

At a called meeting of the board Saturday afternoon, officers were elected as follows: Fred F. Dusterberry, president; F. V. Jones, secretary. Other members are A. A. Bettencourt, Justus Overacker and Harry Searies.

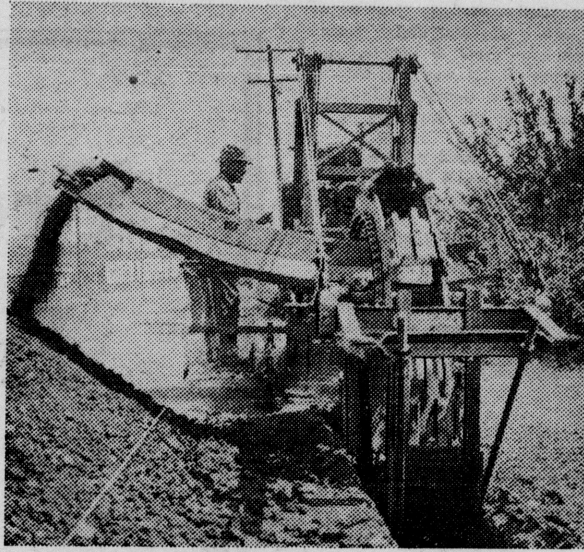

Mrs. Mary Sherman, of Santa Cruz, has been visiting this week with Mrs. Chittenden. Sunday Mr. and Mrs. Jack Middour will drive up to take Mrs. Sherman home.

CAN'T FIND 12 GOOD MEN AND TRUE FOR JURY

Judge Silva Fails to Find Men Who Don't Object To Prohibition Act

Only one out of the thirteen examined Tuesday qualified for the jury in the case of the People vs. Perry, the other twelve being excused because of their prejudice against the prohibition amendment. The defendant is charged with violation of the Wright Act and due to his failure to secure a jury, Judge J. A. Silva continued the case for two weeks.

AUTO FALLS OFF ROSE HILL ROAD INJURES SANCHEZ

Scores of people in Niles witnessed the automobile accident which occurred on Rose's hill Saturday afternoon when a truck driven by Frank Sanchez fell 150 feet over the embankment seriously injuring the driver. Sanchez's son and Tony Melodona jumped clear when he saw the car beginning to go down hill and the Sanchez boy was thrown out but not injured.

Visitors Welcome At Livermore Hospital

Doors of the Veterans' hospital at Livermore will be thrown open to the public next Saturday in observation of hospital day throughout the United States. All those interested are invited to attend from 3 to 5 o'clock, Saturday afternoon. There will be music and light refreshments will be served.

Highway Intersection Widened at Underpass

Work has been under way this past week by the crew of the state highway department in widening the highway west of the underpass at the intersection of the foothill road. This will do much to lessen the danger at that particular point. A sign is to be placed on the county road, according to Supervisor Ralph Richmond.

NILES CHAMBER VOTES TO MOVE TRAFFIC SIGN

Local Body Joins Others To Eliminate Road Signs

Complying with a general program adopted to eliminate all unnecessary road signs, the Niles Chamber of Commerce voted Tuesday to do away with the Warm Springs traffic-directing sign which seems to have caused more stir in these parts than any episode since Columbus discovered America. And when the sign is down, the question arises, how is the motoring public going to tell which way it wants to go? It remains for somebody in Niles to build a better mousetrap—if you know what we mean.

The resolution sent to the Chamber of Commerce several weeks ago by W. H. Ford regarding the investigation of the Calaveras dam was adopted and forwarded to the Railroad commission.

Dr. Chas. H. Law, chairman of the Boy Scout committee, reported nearly \$200 collected and other sums expected.

Announcement was also made regarding the work done by the state highway department in widening the intersection at the underpass. It was announced that danger signs to be erected there would be available shortly.

IRVINGTON MAN DESPONDENT AND ILL SHOTS SELF

Funeral services for Henry Clay Brewer, aged 55, of Irvington, who, because of despondency caused by ill health, shot himself Sunday, were held from the home Tuesday, interment being in the L. O. O. F. cemetery in Irvington. Surviving are the widow, Mrs. Catherine Brewer and two children, Mrs. Wilfred Nelson and Jean Brewer, and a brother, J. N. Brewer, all of Irvington.

LION HUNTER TO SPEAK TO MEN'S CLUB ON JUNE 6

J. Bruce, lion hunter, will address the Men's Club of Washington Township on the evening of June 6 at 6:30 o'clock at their dinner to be held in the Country Club at Centerville. Community singing will make up a part of the program.

NEWS GATHERERS ENTERTAINED BY EDITOR MONDAY

Dinner at House of Crane and Fulton Play Scheduled

Norman Parks, publisher, will entertain fifteen associates of The Township Register at dinner at the House of Crane Monday evening at 7 o'clock, the party to go from there to the Fulton Theater where they will witness the performance of Marjorie Rambeau in her last engagement for the season in a play which has been Pauline Frederick's starring vehicle for this year.

Each of the seven towns covered by the Township Register will be represented in the group to be entertained by the editor and publisher of the paper Monday evening. Mr. Parks appreciates the co-operation and faithfulness of these loyal news gatherers and has chosen this occasion to express in a material way the gratitude he feels.

Mrs. H. C. Roland has been elected delegate from Laura Loma Parlor to the Native Daughters of the Golden West convention in San Francisco, June 18.

THE CALIFORNIA primary election may have revealed the trend of political events, or it may have revealed nothing upon which to base a fair estimate of the public mind throughout the United States.

For instance, the Hoover vote was no index by which to catalogue the voter of this state, and much less elsewhere. The Secretary of Commerce had no opposition, upon the mistaken assumption that he is a native son. He is not. Hoover was born in Iowa, was raised in Oregon and went to college in California. He made his money, and his reputation as a civil engineer working for the British. He has spent more time in England and English possessions than he has spent in America.

But Hoover is a clean man, morally; a man unquestionably of considerable engineering ability, and did a humanitarian work in Belgium. His activity in the war zone is what caught the public fancy. As a public official in America he has not distinguished himself. But he is a "good" man. Coolidge is also a "good" man.

But all this aside from the issue of feeling out the public pulse.

California seized upon Hoover and adopted him as a "native son." That suited The Hoover managers very well, indeed. So he won the state against nobody. That means nothing.

But how about Al Smith?

There was somewhat of a contest there. The New York governor won a plurality over Walsh and Reed. That would indicate that among the registered Democrats, he was a strong favorite. But in the general election, could he carry California? And there is another contradiction. On the face of the Hoover vote, no. Practically all the voters of California are registered as Republicans, but always do not vote that way in the general election. Therefore, Smith might carry the state if he were nominated.

If the reactionaries control the Chicago convention, it is possible that the Tammany candidate will sweep the country.

But Al Smith is not yet nominated, nor do his lieutenants believe that he has the coveted prize in his vest pocket. They are making strong talk, but that is all it is. Like the Hoover crowd, they are whistling to keep up their courage.

The writer does not believe Hoover will be nominated. Nor do we believe he would prove a strong candidate. If he were, though he might be elected, and probably would be, at that.

Smith must win the two-thirds vote of the Houston convention on the first ballot or he is lost. His candidacy represents two elements that will encourage his enemies to go the limit to defeat his nomination, and if nominated, his election. It is what they choose to call "rum and Romanism."

We have no patience with those who would make religion a test of a man's worthiness to hold the office of president of the United States, but can appreciate and sympathize with those who will go far to defeat a man pledged secretly to emasculate the Eighteenth amendment.

However, the prohibition amendment cannot be repealed by the election of Smith or any other man. That is up to the state legislatures. Two-thirds of them, we believe, must so signify their intention before a constitutional amendment can be repealed. The most optimistic wet that lives cannot conceive of that being done in our generation.

When the voters understand this, they may prefer Al, all wet, but powerless to modify prohibition, to some big interest candidate that is as dry as the Sahara desert but willing that his friends shake down the public for all the traffic will stand. Anyway, it's going to be mighty interesting from now on until November 6.

The political heavens show an ominous streak of red skirting the lifeless background that for years has made our elections but a matter of form, and gave cause to the contemplation of thinking men that democracy after all might be a failure, and the franchise a thing despised by free-men of America.

P. T. A. TO GIVE PARTY JUNE 1 FOR GRADUATES

Niles Organization Plans Several Events Of Importance

Several programs of unusual interest were planned at a meeting of the Niles Parent-Teachers' association held Tuesday afternoon, the outstanding one being the party to be given for the grammar school graduates on Friday evening from 7 to 9 o'clock at the school the first of June.

On May 29, there will also be a party in honor of the newly-elected officers and the faculty. Installation ceremonies will occur at this time.

Due to the fact that the sixth grade has won in the attendance contest to have mothers at the Parent-Teachers' association meetings, pupils in this class will be given a picnic during the last week of school.

At the party for the graduates there will be games, music and dancing, after which refreshments will be served. As this affair is to be sponsored by the Parent-Teachers' association, parents are assured that the young people will be well looked after.

It was announced that Mrs. E. Plumb and Mrs. Roland would attend the state convention of Parent-Teachers' associations to be held at Santa Cruz May 21-25. Other members may attend, also.

Mrs. E. Plumb, retiring president, was presented with a past-president's Parent-Teachers' association pin, the gift of the delegates to an officer who has served well and faithfully during her term of office.

EDITORS: Mrs. F. O. Bunting and Mrs. George Colt

Mrs. J. Cardoza is spending the week in Fresno.

Rev. James McElhinney was the dinner guest at the Overacker ranch last Sunday.

Mr. Chas. Pratt of Tacoma visited friends this week end.

St. James Guild was beautifully entertained at Mrs. Robert Anderson's assisted by Mrs. S. Hansen. The next one will be in May at the home of Mrs. C. Emerson assisted by Mrs. Eugene Stevenson.

The St. James Men's Club met at the home of Mr. and Mrs. Ralph Emerson. About sixteen were present. After they had finished the business of the evening they were invited into a cheerful dining room where on a long table a delicious repast was served. It was late before they parted. Mr. George Mathiesen will entertain at the next meeting.

Mr. and Mrs. Agosti of San Luis Obispo spent the week end with Mr. and Mrs. H. Chadbourne.

Mr. Fred Dusterberry and Arwin Ormsby left Monday morning for a week's stay at the Ormsby ranch in Shendoah Valley, Amador county. Mr. Dusterberry hopes to lose a most stubborn case of sciatic rheumatism. His many friends echo his hopes.

On Sunday, Mrs. F. T. Dusterberry entertained a group of Oakland friends at a delightful luncheon.

Mr. and Mrs. Lorin Marriot are the proud parents of a baby daughter, born on Monday, May 7.

Twenty-five little boys and girls of the Holy Ghost Sunday school received their first communion at a most impressive ceremony Sunday morning.

Mrs. T. E. Chadbourne, who is giving a series of beautifully appointed bride luncheons, was hostess to twelve guests at her home last Friday. Mrs. Ralph Emerson received first prize, Mrs. George Emerson, second, Mrs. Mabel Fitzgerald, consolation, and Mrs. W. L. McWhirter the prize.

Installation of officers by Past President, Mrs. W. L. McWhirter, was held by the Centerville Grammar school Parent-Teachers' Association at the regular meeting on Thursday, May 3rd. The school orchestra and the girls of the Eighth Grade provided a thoroughly enjoyable program.

A party in honor of the teachers was afterwards given in the school cafeteria. An attractively decorated cake with innumerable candles served to commemorate the birthdays of all the teachers present.

Mr. and Mrs. Fred Dusterberry, accompanied by Mr. George Mathiesen and Miss Elizabeth Dusterberry, spent Sunday in San Francisco at the home of Miss Sandholdt.

Mrs. George Mathiesen and sons George, Jr., and Roy, Mr. and Mrs. Fitzgerald and Mat Mathiesen visited friends in Byron Sunday.

Miss Miranda Norris is visiting friends in Calistoga.

Miss Mary Norris, Mrs. Ed. Hawley, and Miss Elizabeth Dusterberry were dinner guests of Mrs. Fred Dusterberry this week.

MRS. SHINN GIVES BIRD COLLECTION TO NILES SCHOOL

Forty or fifty stuffed birds, some of the specimen being remnants of extinct varieties in this section, have been presented along with the glass cabinet that contains them to the Niles Grammar school by Mrs. J. C. Shinn, the collection having been made by her father.

Tags on the birds indicate that some of them were mounted as early as 1869. Most of them are still in good condition and most of them were killed in this section of the country. Various varieties of game birds are included.

Welfare Member Addresses Noon Club

Southern Alameda County Welfare Board activities were discussed by F. T. Dusterberry at the Centerville Service club at the meeting last week. E. B. Hodges was chairman of the day.

A telegram from J. A. Coney, enroute to Europe, expressing thanks for good wishes proffered him, was read, the message in turn wishing success for the organization's future work.

Progress in sidewalk construction was also discussed, commendable extensions being reported.

Protect Your Investment in Your Model T Ford

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company will continue to make parts until, as Henry Ford himself says, "the last Model T is off the road."

More than eight million Model T Fords are still in active service, and many of them can be driven for two, three and five years and even longer.

So that you may get the greatest use over the longest period of time at the lowest cost, we suggest that you take your Model T Ford to the nearest Ford dealer and have him give you an estimate on the cost of any replacement parts that may be necessary.

You will find this the economical thing to do because a small expenditure may enable you to maintain or increase the value of the car and give you thousands of miles of additional service.

No matter where you live you can get these Ford parts at the same low prices as formerly and know they are made in the same way and of the same materials as those from which your car was originally assembled.

Labor cost is reasonable and a standard rate is charged for each operation so that you may know in advance exactly how much the complete job will cost.

Widening the Telephone Horizon

IN the memory of many now living, Alexander Graham Bell predicted that the day would come when we could talk to other countries, even across wide expanses of water.

Bell's vision was made a reality when in 1926 New York and London spoke together in two way conversation. Since then, this service has been opened to the public between any point in the U.S.A. and Great Britain. Mexico has been brought into speaking distance. Important cities of continental Europe have come within our voice horizon.

Even more important, the Bell System in the United States now embraces 18,500,000 telephones—a growth for the past year of more than 750,000.

This is measurable progress in widening America's telephone horizon.

SPLENDID PROGRAM AT SCHOOL CONCERT

NEGRO FOLK SONGS, CONCERT NUMBERS AND SOLOS
FEATURED

More Than 100 Musicians To Appear In Joint Concert of School Orchestras on May 18, at 8 p. m. at High School.

Every citizen in the township who believes in the cultural and practical value of music as an influence upon the youth of the community is urged to be present at the concert to be given at Washington Union High school at 8 o'clock, Friday evening, May 18. As this is the first public concert given by the combined school orchestras a large attendance will do much to encourage the young musicians and a program well worthwhile is promised by John C. Kimbler, director.

More than 100 of the orchestra pupils are to take part in the concert. In addition, there will be community singing featuring old American folk songs, and vocal numbers by some of the township's favorite singers.

Piano solos will be given by Miss Jewel Anderson, High school student.

Handel's Largo and Sullivan's Lost Chord will be among orchestra numbers to be given. The High school orchestra will give the Poet and Peasant Overture.

"Putting music into the life of a child is one of the most worthwhile programs the schools could undertake," states Mr. Kimbler. "When children of Oakland, Berkeley, Palo Alto, Hayward and other nearby towns and cities offer to their children the advantages of daily rehearsals in orchestras and glee clubs, it makes us more anxious than ever to see that the boys and girls of Washington Township have the same opportunity. With only a 45-minute rehearsal once a week we cannot accomplish what we would like to do. We are hoping that school patrons will attend the concert and become convinced that the effort we are making is worthwhile."

State Adjutant Addresses Local Post Tuesday Evening

At a meeting of Post 195 of the American Legion on Tuesday night plans were made to observe Mother's Day, May 13th, and to distribute bouquets of flowers to the Gold Star Mothers of Washington Township. The flowers will be delivered by ex-service comrades. A committee was also appointed to make arrangements for the May 30th Memorial Day Services. It has also been the custom for some years past that the American Legion supply the speaker on Memorial Day and also decorate the graves of comrades of all wars. California State Adjutant James Fisk of Berkeley was present at this meeting and gave an inspiring address on the service which the Legion is rendering in peace times.

PERSONALS

Use Cylcol and avoid frequent valve-grinding. This oil with "endurance beyond belief" reduces carbon trouble.

Stability The new Cylcol will stand the hardest kind of usage. It is refined to meet the severest conditions of heat and pressure developed by the modern high compression engines, assuring you an unbroken oil film where heat, pressure and friction are greatest.

No Acids The new Cylcol refining process eliminates the use of acids, though most refiners use them. While acids clear the "crude oil" they chemically change its structure and composition, thus seriously cutting its lubricating value.

The new refining process for Cylcol is different in every respect. It selects from the "crude" those elements of greatest lubricating value and stability in performance, rejecting at the same time those elements which readily break down under engine heat and cause excessive carbon deposits.

So Cylcol gives a protective oil film on cylinder walls and moving parts, not vapor at the breather pipe.

Less Carbon As to carbon, Cylcol like all other oils deposits some carbon. But it deposits less carbon than any other oil. The most exhaustive tests have proven that statement.

And even more important, the carbon that is deposited by Cylcol is soft and easily removable. It is not hard or sticky and cannot scratch a cylinder.

Prove it Yourself For these reasons you will find that Cylcol gives you the finest results you have ever known—more perfect

lubrication, "endurance beyond belief" and the elimination of carbon troubles. Sold wherever the Associated Gasoline and Cylcol Motor Oil signs are shown.

TO JOIN CAMPFIRE

GIRLS FROM 11 TO 16 YEARS
 SHOULD APPLY IN
 WRITING

Mrs. J. E. Townsend to Organize
 New Group of Grammar School
 Girls; Will Be Assisted by Mem-
 bers of Talahi Group.

From various reports it seems that
 there are from 20 to 25 girls of
 grammar school age in the commu-
 nity who have been anxious to en-
 roll in Campfire Girl work, and, ac-
 cording to an announcement from
 the guardian of Talahi Group, Mrs.
 J. E. Townsend, the opportunity is
 now at hand for fifteen of those
 desiring to join.

All girls from 11 to 16 years of
 age who wish to become a part of
 the Campfire Organization are asked
 to write to Mrs. Townsend making
 application for enrollment. In this
 application should be stated the ap-
 plicant's age, reason for wanting
 to join and an idea given of the ef-
 fort the prospective campfire girl
 is willing to put into the organiza-
 tion to make it effective and worth-
 while. "For," states Mrs. Townsend,
 "unless the girls are interested
 enough to put real effort into it,
 the organization cannot be effec-
 tive."

From the number who apply fif-
 teen will be selected, those chosen
 to be as near the same age as pos-
 sible and the group to be made up
 of girls who seem to be most in
 earnest in putting over the Camp-
 fire program.

Four of the members of Talahi
 Group who wish to earn the Torch-
 bearers' Degree, the highest award
 possible in campfire work, will as-
 sist Mrs. Townsend with the young-
 er girls. These are Dorothy Smith,
 Frances Habenicht, Leonore Holm
 and Martha Crane.

This new group of campfire girls
 will be given a six months' trial and
 if they are not seriously inclined to-
 ward making the group a success
 and really interested in its program,
 then they will be dropped and a
 group of Bulebirds organized, this
 to include girls from 6 to 10 years
 of age, there being a number in the
 community who have expressed a
 desire for campfire work.

Any girl who likes out-door life,
 swimming, hiking, campfire cooking,
 or nature study, who is interested
 in learning first aid, life-saving or
 the hundred and one problems of
 home-making to be learned in the
 campfire work will be anxious to
 become a member of this new group.

Those who are especially inter-
 ested should make application im-
 mediately in order that they may be
 counted among the lucky fifteen.

which history tells us was the

first attempt at government—then
 he should be the arbiter of all
 disputes and the counselor in
 new undertakings, if he is worthy
 of the responsibility which mar-
 riage has entailed. If not, then
 someone must have authority or
 the home becomes a bedlam of
 disorder and dissension, every
 member working to cross-purpose.

And this holds good from the
 small family organization up to
 the greatest of our business and
 political combinations.

Here in Niles we have a splen-
 did body of people gathered to-
 gether in a unit, quite large
 enough to be known as a city.
 But we are called a village. On
 every hand is stupendous indus-
 trial expansion, but when outside
 capital indicates a desire to be-
 come a part of Niles, there is no
 local government to deal with, no
 harmony of action possible from
 its citizens. In other words there
 is no head—no "boss"—to force
 trouble makers and shrinkers to
 fall in line for the greatest good
 for the greatest number.

Advantageously located in the
 way of railroad and highway
 transportation, new factory ven-
 tures look favorably upon this
 location, but when inquiry is
 made and they learn that the
 place is not incorporated, they
 hurry by to other places offering
 some inducements for taxes paid,
 such as police protection, intelli-
 gent care of streets, alleys, prop-
 er lighting of the business and
 residential section at night—in
 fact, hard-headed business men
 want some legal authority with
 which to deal—a local govern-
 ment that will force careless peo-
 ple to consider the rights of the
 collective unit—a mayor and coun-
 cil that will plan and execute
 public improvements.

If one desires this splendid free-
 dom of individual action, why not
 move up in Niles Canyon. There
 is lots of room on the hillside,
 away from the highway. There
 they would find this beautiful
 isolation from man-made laws and
 social restrictions that even are
 imposed, however lightly, upon
 one who lives in a VILLAGE.

Here we are with every advan-
 tage nature can bestow in the
 way of salubrious climate—God's
 very handiwork is writ upon the
 hills in beautiful greenery, and
 blooming flowers. At our door is
 the incomparable Niles Canyon,
 an asset that in time will become
 the greatest that we possess. To-
 day we take it to be just a road to
 Pleasanton and Livermore and
 the San Joaquin Valley. Soon it
 may become a state or federal
 supervised playground for all Cal-
 ifornians. Hundreds of thousands
 of people will visit it yearly and
 enormous sums of money will
 find their way into the business
 houses of Niles as a natural con-
 sequence.

Expansion of Niles perhaps can-
 not be stopped and prevented for
 any great period of time, but cer-
 tainly it can be accelerated by
 electing a body of men to run our
 government.

We have plenty of big men
 here. Take Ellsworth, Shinn,
 Braun, Jones or Lester Duffey
 and a score of others. Any
 one of these men have executive
 ability, and are men of personal
 and business integrity. As a may-
 or or councilmen they would re-
 flect credit upon Niles and upon
 themselves. There is R. K. Wil-
 son, for instance, active in our
 Chamber of Commerce. He would
 make a capable and methodical
 clerk to keep the records of the
 city in a clean, business-like way.

Come, fellow citizens of Niles,
 let us no longer be in league
 with lethargy and stagnation; let
 us be alive to progress and pre-
 paredness; let us shed the scales
 of darkness, and put on the arm-
 or of light.

Miss Virginia Farrington, Miss
 Sophie Bertolucci, Peter Quaterolli
 and Steven Cozzi will spend Sunday
 at Santa Cruz.

ALFRED EMANUEL SMITH was born on December 30, 1873, in an old tenement in New York City. As a small boy, he sold newspapers. His father died when Alfred was only fifteen years of age, leaving the boy's mother and younger sister to his care.

He started work in his father's trucking business. Later he took a job helping one of the men who had a stall at the Fulton Fish Market. Still later he was a laborer in the employ of a steam pump company.

In 1900 he married Catherine A. Dunn, and their union has been blessed with five children.

In 1903 he was first elected to the New York State Assembly. From then until 1915 he served in the Legislature for twelve successive terms. During this time he became majority leader in the Assembly, then floor leader of the minority, then Speaker. He served on many important committees.

From 1815 to 1917 he was Sheriff of New York County. In 1917 he was elected President of the Board of Aldermen and in November, 1918, he was elected Governor of the Empire State. He was renominated in 1920 and defeated by only 64,000 votes, although it was a presidential year.

He was again nominated in 1922, won the election by receiving 1,397,670 votes, a figure never before attained by any candidate for state or local office anywhere in the United States, and has served as Governor since that time. All in all, he was elected to the Governorship four times by the people of the State of New York.

He is noted for his thorough understanding of the problems of government and his consistent liberal policy in the field of administrative reforms.

LOCAL HIGH SCHOOL TEACHER INJURED IN BAD SMASH-UP

(Pleasanton Times, May 4)

As a result of an automobile accident near Sunol, five miles from here Sunday afternoon, Miss Lesley Rogers, instructor in charge of the commercial department of the Amador Valley Union High School here, is confined to her bed with cuts and bruises about her head and face and severe bruises on her legs.

Miss Rogers, with her fiancé, Gardner Brewer of Palo Alto, were enroute from Pleasanton to Oakland, where they had planned to have dinner with relatives. As they turned into the space at the four corners near Sunol, an automobile driven by A. Rasmussen of Livermore crashed into their car. Miss Rogers was thrown from the vehicle. Brewer clung to the steering wheel and escaped with a few bruises. Rasmussen was uninjured.

State Traffic Officer J. C. Macer placed Rasmussen under arrest on a charge of reckless driving and rushed Miss Rogers to her home in Pleasanton where she was given medical attention by Dr. J. Hal Cope.

Rasmussen, who is an ex-soldier, and who has in the past been an inmate of the Veteran's hospital at Livermore, declares that he was shell-shocked during the war, and that at times he suffers spells as the result of his injuries.

His story to the traffic officer was that as he neared the machine in which the teacher was riding he was seized with a spell and was unable to control the car.

NEWARK

Miss Winifred Owen spent the week end with her mother, Mrs. Buchanan.

Mr. John Coburn is confined to his home this week with an attack of the "flu."

Mrs. Margaret Kaye entertained Mr. and Mrs. George Koehler, Miss Dorothy Plummer, and Mrs. Anna Plummer of Burlingame at dinner on Friday.

Mr. Roy Coburn of Richmond visited with his father, Mr. John Coburn over the week end.

Mrs. Chris Anderson and daughter, Margaret, are visiting with friends in Byron.

Mr. and Mrs. Bernard Lawler have moved to Berkeley where Mr. Lawler has accepted a position with the Ferro Enameling plant.

Miss Mary Marlow was a visitor in San Jose on Saturday.

Mr. Mervin Mento spent the week end at the Steinhoff home.

Miss Irene Freitas spent Monday shopping in Oakland.

Mrs. Daisy Snow and daughter, Nadine, were visitors in Newark on Tuesday.

Many Newark people attended the Holy Ghost festival in Alvarado.

Mrs. Alfred Leandro and daughter, Adeline, spent Monday and Tuesday visiting relatives in Monterey.

Mrs. Paul Gyax and children were San Jose visitors on Friday.

A Swiss Picnic was held at the Newark Pavilion on Sunday, May 6. People from all over the bay region, San Francisco and San Jose attended.

Mr. and Mrs. Joaquin Calderia and family are the proud possessors of a new Studebaker sedan.

Mrs. Thompson and daughter, Lella, spent Sunday visiting with friends in Newark.

Mr. James Steinhoff and nephew, Hugh, and Billy Wyatt, went fishing Sunday and brought home the limit.

Mr. William Jordan and Dr. Du Bois Eaton spent the week end on a fishing trip and brought home the limit.

Mr. Thor Mordwick spent the week end with his parents, Mr. and Mrs. N. Nordwick.

Mrs. Ruth B. Townsend and Miss Hazel Kell local teachers, spent Friday visiting school in San Jose.

IRVINGTON

OBSERVE MOTHER'S DAY.

The children of the Irvington Community Sunday school will observe Mother's Day on Sunday with a brief program. The children are going to bring carnations in honor of mother, red carnations if their mother is still living and white to honor those who have died. A series of stereopticon pictures on the life of Christ will also be shown.

BOY SCOUT SHOW

The Boy Scouts of Irvington are busy rehearsing for their show which they are soon to put on. A moving picture will be shown as a feature and also a comedy. Nothing will be spared to make the show a success and a credit to the Irvington scouts. The date has not been absolutely decided as yet but it seems probable that May 24 will be finally decided upon as this date will give the boys more time to prepare and will not conflict with any other event in the township.

BUSINESS MEN'S LUNCH

On Monday the usual monthly business men's lunch will be held in the Heller restaurant in Irvington. One subject which some of the members intend to discuss is the newly organized Taxpayers' League which was organized recently in Irvington. The meeting is not confined to Irvington business men but any business men of the township are invited to attend.

Dr. J. H. Durham was a visitor in San Jose on Wednesday.

Mrs. Harry Tribble, of San Francisco, has been visiting her brother, Robert Groat.

Mrs. Mary Beardsley visited in Palo Alto recently.

The Irvington library reports for the month of April a total of 577 books read and an attendance of 525.

Mr. and Mrs. Thomas Powers and Henry Wellheimer were present at the recent Smith-for-President dinner given at Hotel Oakland. More than 500 attended the dinner.

Mr. and Mrs. H. F. Weston enjoyed an auto trip to Santa Cruz last Sunday.

J. S. Betterncourt, L. Freitas and George Smith, of Decoto, enjoyed a fishing trip to Big Creek recently.

The funeral of Henry Clay Brewer was conducted Tuesday afternoon from the home of the bereaved family. He was born in Irvington in the year 1873 and was a graduate of the old Washington college. Mr. Brew-

er had been in failing health for some time which had evidently been preying on his mind. He is survived by his widow and two daughters.

MISS SHINNICK RETURNS

Miss Lena Shinnick, county health nurse, who has been on a year's leave of absence in Honolulu, is expected to return to her duties here the first of June.

NOTICE TO CONTRACTORS.

Office of the Clerk of the Board of Supervisors, Alameda County, California.

SEALED BIDS will be received by the Clerk of the Board of Supervisors of Alameda County, California, at his office, Monday, the 28th day of May, 1928, at ten thirty o'clock A. M. (The day when said bids will be opened and the contract awarded) for the improvement of the Alvarado-Niles Road, otherwise known as County Road Nos. 1516, 2735 and 314 between the State Highway, approximately 3/4 of a mile west of Niles and the Alvarado Bridge across Alameda Creek at Alvarado, Washington Road District, Washington Township, Alameda County, California.

Plans and specifications for said work are on file in the office of the County Clerk of Alameda County, in the Hall of Records Building in the City of Oakland, County of Alameda, State of California, where copies may be obtained in the following manner, viz:

Contractors may secure complete copies of the specifications by depositing with the County Clerk the sum of Twenty-five (\$25.00) Dollars.

Contractors will be required to return copies of the specifications in good condition to the office of the County Clerk of Alameda County, California, not later than the day upon which bids are to be opened for the above specified improvement.

Deposits of contractors failing to return said specifications on or before the date of opening of bids will immediately become forfeited to the County of Alameda.

Each bid must be accompanied by a certified check of a bank of the State of California, or a National Bank doing business in the State of California, for a sum equal to ten (10%) percent of the total amount bid made payable to George E. Gross, Clerk of the Board of Supervisors of Alameda County, to be forfeited to the County as agreed and liquidated damages should the party or parties to whom the contract shall be awarded, fail to enter into the contract after the award, or fail to give the bonds required by law and by the said specifications.

The Board of Supervisors reserves the right to reject any and all bids.

GEO. GROSS,
County Clerk and Ex-Officio Clerk of the Board of Supervisors.

Dated: May 7th, 1928.

Did You Ever Stop to Think?

EDSON R. WAITE
SHAWNEE, OKLAHOMA

JASON ROGERS, GENERAL MANAGER OF THE KANSAS CITY JOURNAL-POST, SAYS:

THAT wonderful as has been the development of national distribution and sales of trade-marked standard goods of quality in the United States, the job has been only partly done.

Magazine advertising only gets a thin penetration anywhere and cannot be tied-in with the names of local distributors.

National advertising in newspapers has been done thoroughly by but few business concerns, and those who have done it have reaped bumper results at very low cost. National advertising in newspapers is not thoroughly done until it has been made to penetrate all the way down to the country weekly of no more than one thousand circulation. The city newspaper has its field—city and suburban coverage—and the smaller newspapers theirs—their home towns and immediate surrounding areas.

Mere quality of circulation does not count for as much as genuine reader interest and confidence in any publication regardless of its size.

THE EYE OF THE ADVERTISER SHOULD NOT BE BLINDED BY THE DOLLAR—(THE COST OF SPACE)—BUT IT IS INVESTED FOR PROFITABLE RESULTS. ANY SPACE BOUGHT IN ANY DAILY OR WEEKLY NEWSPAPER CAN BE USED FOR PROFIT BY ANY MAN WHO KNOWS HOW.

HERBERT HOOVER was born in Iowa in 1874, the son of a blacksmith. His mother was a reader in a Quaker meeting house. He was orphaned at 7 and brought up by relatives in Oregon; he worked his way through Leland Stanford University; he worked with a pick in the mines, and later was assistant in the office of a San Francisco engineer.

At 23 he was manager of a large British mine in Australia; at 25 Director General of the Imperial Mines in China. He was chief figure in the defense of Tientsin in the Boxer Revolution, and during the next 15 years headed vast mining enterprises in various quarters of the world.

He purchased an abandoned mine in Burma and gave this up at the outbreak of the war because to keep it he would have to become a British citizen. So at the age of 40 his public career began.

He won recognition as Chairman of the Commission for Relief in Belgium. Upon America's entry into the war Hoover became the United States Food Administrator. After the war, he was appointed Chairman of the Supreme Economic Council of the Allies. He organized the American Relief Administration to save lives in Russia during 1920-21. Since 1921 Hoover has been Secretary of Commerce.

In addition to his work as a cabinet member, Hoover has a multitude of other tasks. He is Director of the Mississippi Flood Relief and various other national movements.

Hoover is six feet tall and of powerful physique. He makes a deep impression as a speaker. It is said that he is rather shy, very quiet and very modest. Though he is an exceedingly busy man, it is not difficult for anyone to secure an audience with him.

Spring Valley Purchase Affects Pleasanton Land

(Pleasanton Times, May 4)

Passage of the bond issue proposition by the City of San Francisco for the purchase of the Spring Valley Water company Tuesday, will to a large extent affect property in this section, according to officials of the company.

The Spring Valley's option to San Francisco excludes all the land between Road 2000 in Pleasanton township and the State highway near Santa Rita, comprising some 4000 acres, together with 700 acres near Sunol, all of which will be placed on the market as soon as preliminaries are settled.

For several years past this land—the choicest in this section of the State—has been leased by the water company, and in many cases the lessees have not resided on the land, used it merely for farming purposes. With the sale of the land

it is expected that a number of new families will move into this section.

The actual transfer of the property to the City of San Francisco can not take place for several months, declared an official of the company today. San Francisco wants to adopt a charter amendment providing for a utility commission to handle the property. The amendment will undoubtedly be passed at the August election, and then must be ratified by the State Legislature in January. Until that is done, there is little possibility of any actual change in ownership.

Under the provisions of the San Francisco city charter all of the Spring Valley employees, except a few of the high executives will automatically be taken into the civil service by the city without examination, and will retain their positions.

DECOTO

A week end fishing trip to Fort Ross was enjoyed by Mr. and Mrs. William Hurst, Mr. and Mrs. Walter Walker, Roy Hurst, and Leonard Brown. A good catch of fish and abalones was obtained.

President Peter Decoto and secretary Roland Bendel of the Decoto Chamber of Commerce attended the Alameda County Chambers of Commerce meeting at San Leandro, Wednesday, for the purpose of planning an advertising campaign for the entire county.

Last Sunday, Chief Bendel of the Decoto Fire Department gave instructions to those who came to the Fire House, in the proper method of turning in an alarm of fire. It is hoped that all residents of Decoto will familiarize themselves with this matter, so that in case of fire, the department will be summoned without unnecessary delay.

WARM SPRINGS

Miss May Smith has been visiting in San Francisco.

Mrs. J. S. Brown was with friends in San Francisco recently.

Mr. and Mrs. Henry Allard were recent guests of Mrs. A. Beard and Mr. and Mrs. M. James of Oakland recently.

Mrs. J. Terry has returned home much improved in health.

Mr. and Mrs. Manuel Enos (Miss Mary Sarmiento) have returned from their honeymoon and will make their home in Decoto.

PERSONAL ITEMS
Leland Crane and Bill Rocha returned Friday night from a two-month's sea trip, having touched San Pedro, Panama, Galveston, New Orleans and Mobile, Alabama, en route. The boys report a wonderful trip.

Half fill heated iron or pottery gem pans, and place in a hot oven. Bake twenty minutes.</p>

Prunes Victory
Wash a pound of medium sized prunes, place in casserole or covered jar, pour over a quart of cold water, add a cupful of sugar, small piece of stick cinnamon and one clove. Cover and place in very slow oven to simmer four hours, adding a little more water as necessary. Remove from oven, add a teaspoonful vanilla. Chill, strain and serve the juice in small glasses, the prunes with the oatmeal.

Parsley Omelet
Beat three eggs without separating to a light froth, add three tablespoonfuls cold water, one-half teaspoonful salt, dash each pepper and paprika. Melt a tablespoonful of butter in a clean smooth skillet or omelet pan, and pour in the liquid. Cook slowly and when almost ready to fold, sprinkle lightly with finely chopped parsley. Fold, slip to hot dish and serve at once.

Cereal with Prunes
Wash, soak and steam a cupful of small prunes, remove pits and cut into pieces. Add to any cooked cereal just before serving.

Bacon Curls
Roll lean bacon sliced rather thicker than usual and fasten with toothpicks, broil or bake in a hot oven till crisp all the way through. Serve on hot platter, with garnish of water cress.

Bran Muffins
Mix and sift together one cup of whole wheat flour, three teaspoonfuls baking powder, one-half teaspoonful salt and two cupfuls bran. Dissolve one-half teaspoonful soda in one and one-half cupfuls sour or butter milk, add half a cupful of molasses and one well beaten egg; beat all the ingredients together and add a tablespoonful of melted butter and one-fourth cupful chopped nut meats. Bake in well buttered muffin pans, in moderate oven twenty-five minutes.

Prunes with Orange Juice
Wash, soak and simmer one-half pound of prunes in one pint of water till partially tender, then add thin yellow rind from one orange and four tablespoonfuls of sugar. Continue cooking until the prunes are done, then add the juice from the orange. Chill well and remove orange peel before serving.

Popovers
Sift then measure and sift again one cupful of flour, to which you have added one-half teaspoonful of salt, add one cupful of milk and beat five minutes with a rotary beater, beat two eggs to a stiff froth without separating them, then combine mixtures and beat again two or three minutes. Half fill heated iron or pottery gem pans, and place in a hot oven. Bake twenty minutes.

Fruit Melange
Cut in small pieces one slice canned pineapple, one orange and one cupful cooked prunes, removing the stones. Mix all together, adding enough of the prune juice to moisten well, chill and serve in cocktail glasses, garnishing each with a maraschino cherry.

Codfish Souffle
Soak one-half pound salt codfish, then place in fresh cold water, bring to boiling point and simmer till tender, remove, drain, cool and flake into tiny pieces. Bring one cupful milk to boiling point and add the flaked fish, with pepper and paprika to taste. Blend a tablespoonful each of butter and flour together, add to the fish and beat with an egg beater for two or three minutes. Whip one egg, beat into it one-half cup cream, and whip into the egg. Beat several minutes until light and airy, serve on squares of toast.

COW TESTING MEN PLAN CAMPAIGN

With cow inspection work in the county growing to a point where a waiting list is becoming necessary, a scheduled system has been devised by officials of the association to facilitate activities of J. C. Dope, official tester. The May schedule follows: April 30 to May 5, Zwisig Bros., Decoto; May 5 to 8, Sequeira Bros., San Leandro; May 8 and 9, Codieros Bros., San Leandro; May 9 and 10, Braga, San Leandro; May 10 and 11, Marshall and Catana, San Leandro; May 11 to 14, Heath Dairy No. 2, Centerville; May 14 to 16, Ben Mozzetti, Centerville; May 16 to 19, Enos Bros., Centerville; May 19 and 20, Spring Valley, Pleasanton; May 20 and 21, Manuel Lopez, Pleasanton; May 21 to 24, Harvey Dairy, Alvarado; May 24 and 25, Joe Holden-er, Russell City.

Rain Predicted For End of Month

Rain during the latter part of May is predicted by Rev. Fr. Ricard. The remainder of the month is to be fair, according to the forecast, which follows:

May 3, 4—Possibly slightly cloudy in northern California; variable winds.

May 5, 6, 7, 8, 9, 10—Generally fair and warmer in the valley, fog along the coast line.

May 11, 12—Cloudy or unsettled; no rain likely south of Mt. Shasta.

May 13, 14, 15, 16—Generally fair.

May 17—Growing cloudy; winds shifting to southerly.

May 18, 19, 20—Showery weather in the north half of California; heavy rains in Oregon and Washington.

May 21—Clearing weather; cooler—probably frost in the morning of 21st or 22nd in the valley regions.

May 22—Fair and cool.

May 23, 24—Generally fair.

May 25, 26, 27—A wet period; rain and brisk southerly winds general in California north of the Tehachapi.

May 28, 29, 30, 31—Generally fair; moderate temperatures.

MRS. CHITTENDEN**

Mrs. F. A. Bishop entertained at luncheon Tuesday in honor of her grandmother, Mrs. Emilie Chittenden, the occasion combining birthday and going-away celebrations. A color scheme of lavender and pink was carried out in table accessories and in the menu which included a birthday cake signifying the 80th birthday of the honoree.

After luncheon the afternoon was spent in sewing or at bridge tables, prizes being won by Mrs. Mosher and Mrs. Robert Fisher. A number of gifts were received by the guest of honor. Those present were: Mrs. E. M. Hawley, Mrs. Viola Ames, Mrs. M. Gregory of Centerville; Mrs. Robert Fisher, Mrs. E. C. Crothers, Mrs. A. A. Hatch, Mrs. Florence M. Hudson, Mrs. S. J. Mosher, Mrs. Chittenden and Mrs. Alma Inman Parker, Niles; Mrs. Annie B. Haley, Newark; Mrs. C. E. Bogue, Whittier and Mrs. M. Sherman, Reno, Nevada.

**SERVICE ON OLD
FORDS AVAILABLE
AT CENTERVILLE**

Just because the new Ford has captivated the desires of millions is no reason that one should imagine the good old dependable Model T car is off the map. Old Fords are like old friends and not to be discarded because of new ones. Up-to-date and complete service in replacing parts can be secured at Dohner and Galbraith's, Inc., at Centerville, this establishment being known as the Home of Ford Products.

Because of the investment that millions of Ford owners have in the old Model T car, parts for these machines will continue to be made until, as Henry Ford himself says, "the last Model T is off the road."

MRS. WHIPPLE HOSTESS

Mrs. James R. Whipple was hostess Tuesday to the North Division of the Woman's Auxiliary to the Institute of Mining and Metallurgical Engineers at their regular monthly business meeting. Due to the rain the garden party became an indoor picnic. Once each year the organization meets in this manner and devotes sums thus raised for the education of some college engineering student. The group also sponsors libraries in various establishments. Thirty-one attended Tuesday's meeting.

VOLLEY BALL GAME

Although a strenuously contested game, results gave one point to the San Jose Business Men's volley ball team which played against the Centerville Athletic association Friday evening finishing with a score of 3 to 2. After the game refreshments were served and everybody had a most amiable time in spite of preliminary hostilities.
